| Specifications    |                                       |
|-------------------|---------------------------------------|
| Part Number       | MAT10130                              |
| Manufacturer      | Aeroflex (MACOM Technology Solutions) |
| Description       | 13DB FIXED ATTENUATOR                 |
| Category          | RF/IF and RFID > Attenuators          |
| Part Status       | 2516 pcs Stock                        |
| Tolerance         | ±0.4dB                                |
| Series            | -                                     |
| Power (Watts)     | 2W                                    |
| Package / Case    | Die                                   |
| Impedance         | -                                     |
| Frequency Range   | 0 ~ 40GHz                             |
| Attenuation Value | 13dB                                  |
|                   |                                       |
