Specifications

|                         |                                                                        |
|-------------------------|------------------------------------------------------------------------|
| Part Number             | <a href="#">KMSC7119VM1200</a>                                         |
| Manufacturer            | <a href="#">NXP Semiconductors / Freescale</a>                         |
| Description             | DSP 16BIT W/DDR CTRLR 400-MAPBGA                                       |
| Category                | <a href="#">Integrated Circuits (ICs) &gt; Embedded - DSP (Digital</a> |
| Part Status             | 2593 pcs Stock                                                         |
| Voltage - I/O           | 3.30V                                                                  |
| Voltage - Core          | 1.20V                                                                  |
| Type                    | Fixed Point                                                            |
| Supplier Device Package | 400-MAPBGA (17x17)                                                     |
| Series                  | StarCore                                                               |
| Packaging               | Tray                                                                   |
| Package / Case          | 400-LFBGA                                                              |
| Operating Temperature   | -40°C ~ 105°C (TJ)                                                     |
| On-Chip RAM             | 464kB                                                                  |
| Non-Volatile Memory     | ROM (8 kB)                                                             |
| Mounting Type           | Surface Mount                                                          |
| Interface               | Host Interface, I²C, UART                                              |
| Clock Rate              | 300MHz                                                                 |
