**Manufacturer Part Number:** 5ST 315-R

**Manufacturer/Brand:** Bel

**Part of Description:** FUSE GLASS 315MA 250VAC 5X20MM

**Datasheets:**  [5ST 315-R.pdf](#)

**RoHS Status:**  Lead free / RoHS

**Stock Condition:** Compliant  
New original, 2578 pcs Stock Available.

**Ship From:** Hong Kong

**Shipment Way:** DHL/Fedex/TNT/UPS/EMS

## Specifications

|                                   |                                                            |
|-----------------------------------|------------------------------------------------------------|
| Part Number                       | 5ST 315-R                                                  |

| Part Status                       | 2578 pcs Stock                                             |
| Voltage Rating - AC               | 250V                                                       |
| Size / Dimension                  | 0.201" Dia x 0.787" L (5.10mm x 20.00mm)                   |
| Series                            | 5ST                                                        |
| Response Time                     | Slow                                                       |
| Packaging                         | Bulk                                                       |
| Package / Case                    | 5mm x 20mm                                                 |
| Other Names                       | 0652R0315-11                                               |
| Operating Temperature             | -55°C ~ 125°C                                              |
| Mounting Type                     | Holder                                                     |
| Moisture Sensitivity Level (MSL)  | 1 (Unlimited)                                              |
| Melting I²t                       | 0.46                                                       |
| Manufacturer Standard Lead Time   | 14 Weeks                                                   |
| Lead Free Status / RoHS Status    | Lead free / RoHS Compliant                                 |
| Fuse Type                         | Cartridge, Glass                                           |
| DC Cold Resistance                | 1.3 Ohms                                                   |
| Current Rating                    | 315mA                                                      |
| Color                             | -                                                          |
| Breaking Capacity @ Rated Voltage | 35A                                                        |
| Approvals                         | CCC, CE, CSA, cURus, IMQ, PSE, SEMKO, VDE                  |
