| Specifications             |                                                      |
|----------------------------|------------------------------------------------------|
| Part Number                | TC74HC139APF                                         |
| Manufacturer               | Toshiba Semiconductor and Storage                    |
| Description                | IC DECODER DUAL 2-4 LINE 16-DIP                      |
| Category                   | Integrated Circuits (ICs) > Logic - Signal Switches, |
| Part Status                | 2518 pcs Stock                                       |
| Voltage Supply Source      | Single Supply                                        |
| Voltage - Supply           | 2 V ~ 6 V                                            |
| Type                       | Decoder/Demultiplexer                                |
| Supplier Device Package    | 16-DIP                                               |
| Series                     | TC74HC                                               |
| Packaging                  | Tube                                                 |
| Package / Case             | 16-DIP (0.300", 7.62mm)                              |
| Operating Temperature      | -40°C ~ 85°C                                         |
| Mounting Type              | Through Hole                                         |
| Independent Circuits       | 2                                                    |
| Current - Output High, Low | 5.2mA, 5.2mA                                         |
| Circuit                    | 1 x 2:4                                              |
|                            |                                                      |
