| Manufacturer                           | N/A                                                      |
| Description                            | IC MULTIPLEXER 8X1 18DIP                                 |
| Category                               | Integrated Circuits (ICs) > Interface - Analog Switches, |
| Part Status                            | 2532 pcs Stock                                           |
| Voltage - Supply, Single (V+)          | -                                                        |
| Voltage - Supply, Dual (V±)            | ±4.5 V ~ 18 V                                            |
| Switch Time (Ton, Toff) (Max)          | 1.5µs, 1µs                                               |
| Switch Circuit                         | -                                                        |
| Supplier Device Package                | 18-PDIP                                                  |
| Series                                 | -                                                        |
| Packaging                              | Tube                                                     |
| Package / Case                         | 18-DIP (0.300", 7.62mm)                                  |
| Operating Temperature                  | -40°C ~ 85°C (TA)                                        |
| On-State Resistance (Max)              | 3 kOhm                                                   |
| Number of Circuits                     | 1                                                        |
| Multiplexer/Demultiplexer Circuit      | 8:1                                                      |
| Moisture Sensitivity Level (MSL)       | 1 (Unlimited)                                            |
| Manufacturer Standard Lead Time        | 8 Weeks                                                  |
| Lead Free Status / RoHS Status         | Lead free / RoHS Compliant                               |
| Detailed Description                   | 1 Circuit IC Switch 8:1 3 kOhm 18-PDIP                   |
| Current - Leakage (IS(off)) (Max)      | 500pA                                                    |
| Crosstalk                              | -                                                        |
| Charge Injection                       | 55pC                                                     |
| Channel-to-Channel Matching (ΔRon)     | 300 Ohm                                                  |
| Channel Capacitance (CS(off), CD(off)) | 5pF, 25pF                                                |
| Base Part Number                       | MAX388                                                   |
| -3db Bandwidth                         | -                                                        |
