| Part Number                | CS5550-ISZ                                               |
| Manufacturer               | Cirrus Logic                                             |
| Description                | IC ADC 2CH 24BIT 24SSOP                                  |
| Category                   | Integrated Circuits (ICs) > Data Acquisition - Analog to |
| Part Status                | 5306 pcs Stock                                           |
| Voltage - Supply, Digital  | 3.135 V ~ 5.25 V                                         |
| Voltage - Supply, Analog   | 5V                                                       |
| Supplier Device Package    | 24-SSOP                                                  |
| Series                     | -                                                        |
| Sampling Rate (Per Second) | -                                                        |
| Reference Type             | External, Internal                                       |
| Ratio - S/H:ADC            | -                                                        |
| Packaging                  | Tube                                                     |
| Package / Case             | 24-SSOP (0.209", 5.30mm Width)                           |
| Operating Temperature      | -40°C ~ 85°C                                             |
| Number of Inputs           | 2                                                        |
| Number of Bits             | 24                                                       |
| Number of A/D Converters   | 2                                                        |
| Input Type                 | Differential                                             |
| Features                   | Simultaneous Sampling                                    |
| Data Interface             | SPI                                                      |
| Configuration              | ADC                                                      |
| Architecture               | Sigma-Delta                                              |
|                            |                                                          |
|                            |                                                          |
