| Specifications        |                                                        |
|-----------------------|--------------------------------------------------------|
| Part Number           | SOMDM3730-20-1780AGIR-D                                |
| Manufacturer          | Logic PD, Inc.                                         |
| Description           | SYSTEM ON MODULE TORP DM3730                           |
| Category              | Integrated Circuits (ICs) > Embedded - Microcontroller |
| Part Status           | 2679 pcs Stock                                         |
| Speed                 | 800MHz                                                 |
| Size / Dimension      | 0.59" x 1.06" (15mm x 27mm)                            |
| Series                | DM37x                                                  |
| RAM Size              | 256MB                                                  |
| Operating Temperature | -40°C ~ 85°C                                           |
| Module/Board Type     | MPU, DSP Core                                          |
| Flash Size            | 512MB                                                  |
| Core Processor        | ARM® Cortex®-A8, DM3730                                |
| Connector Type        | Board-to-Board (BTB) Socket - 200                      |
| Co-Processor          | TMS320C64x (DSP)                                       |
|                       |                                                        |
