

| Specifications               |                                                |
|------------------------------|------------------------------------------------|
| Part Number                  | X4163PZ-2.7                                    |
| Manufacturer                 | Intersil                                       |
| Description                  | IC SUPERVISOR CPU 16K EE 8-DIP                 |
| Category                     | Integrated Circuits (ICs) > PMIC - Supervisors |
| Part Status                  | 2693 pcs Stock                                 |
| Voltage - Threshold          | 2.62V                                          |
| Type                         | Simple Reset/Power-On Reset                    |
| Supplier Device Package      | 8-DIP                                          |
| Series                       | -                                              |
| Reset Timeout                | 100 ms Minimum                                 |
| Reset                        | Active Low                                     |
| Packaging                    | Tube                                           |
| Package / Case               | 8-DIP (0.300", 7.62mm)                         |
| Output                       | Open Drain or Open Collector                   |
| Operating Temperature        | 0°C ~ 70°C (TA)                                |
| Number of Voltages Monitored | 1                                              |
| Mounting Type                | Through Hole                                   |
