Specifications

|                                        |                                                          |
|----------------------------------------|----------------------------------------------------------|
| Part Number                            | MAX335ENG+                                               |
| Manufacturer                           | N/A                                                      |
| Description                            | IC SWITCH OCTAL SPST 24DIP                               |
| Category                               | Integrated Circuits (ICs) > Interface - Analog Switches, |
| Part Status                            | 2613 pcs Stock                                           |
| Voltage - Supply, Single (V+)          | -                                                        |
| Voltage - Supply, Dual (V±)            | ±4.5 V ~ 20 V                                            |
| Switch Time (Ton, Toff) (Max)          | 400ns, 400ns                                             |
| Switch Circuit                         | SPST - NO                                                |
| Supplier Device Package                | 24-PDIP                                                  |
| Series                                 | -                                                        |
| Packaging                              | Tube                                                     |
| Package / Case                         | 24-DIP (0.300", 7.62mm)                                  |
| Operating Temperature                  | -40°C ~ 85°C (TA)                                        |
| On-State Resistance (Max)              | 150 Ohm                                                  |
| Number of Circuits                     | 8                                                        |
| Multiplexer/Demultiplexer Circuit      | 1:1                                                      |
| Current - Leakage (IS(off)) (Max)      | 1nA                                                      |
| Crosstalk                              | -100dB @ 100kHz                                          |
| Charge Injection                       | -                                                        |
| Channel-to-Channel Matching (ΔRon)     | -                                                        |
| Channel Capacitance (CS(off), CD(off)) | 2pF, 2pF                                                 |
| -3db Bandwidth                         | -                                                        |
