

| Specifications                    |                                                                                           |
|-----------------------------------|-------------------------------------------------------------------------------------------|
| Part Number                       | PI3USB10LP-AZLEX                                                                          |
| Manufacturer                      | Diodes Incorporated                                                                       |
| Description                       | IC USB SWITCH DUAL 2X1 10TQFN                                                             |
| Category                          | <a href="#">Integrated Circuits (ICs)</a> > <a href="#">Interface - Analog Switches</a> - |
| Part Status                       | 3534 pcs Stock                                                                            |
| Voltage - Supply, Single (V+)     | 2.7 V ~ 4.4 V                                                                             |
| Voltage - Supply, Dual (V±)       | -                                                                                         |
| Switch Circuit                    | -                                                                                         |
| Supplier Device Package           | 10-TQFN (1.3x1.6)                                                                         |
| Series                            | -                                                                                         |
| Packaging                         | Tape & Reel (TR)                                                                          |
| Package / Case                    | 10-WFQFN                                                                                  |
| Operating Temperature             | -40°C ~ 85°C (TA)                                                                         |
| On-State Resistance (Max)         | 6.5 Ohm                                                                                   |
| Number of Channels                | 1                                                                                         |
| Multiplexer/Demultiplexer Circuit | 2:1                                                                                       |
| Features                          | Bi-Directional, USB 2.0                                                                   |
| Applications                      | USB                                                                                       |
| -3db Bandwidth                    | 1GHz                                                                                      |
