Specifications

|                              |                                                |
|------------------------------|------------------------------------------------|
| Part Number                  | MAX792SCSE+                                    |
| Manufacturer                 | N/A                                            |
| Description                  | IC SUPERVISOR MPU 16-SOIC                      |
| Category                     | Integrated Circuits (ICs) > PMIC - Supervisors |
| Part Status                  | 2518 pcs Stock                                 |
| Voltage - Threshold          | 2.91V                                          |
| Type                         | Simple Reset/Power-On Reset                    |
| Supplier Device Package      | 16-SOIC                                        |
| Series                       | -                                              |
| Reset Timeout                | 140 ms Minimum                                 |
| Reset                        | Active High/Active Low                         |
| Packaging                    | Tube                                           |
| Package / Case               | 16-SOIC (0.154", 3.90mm Width)                 |
| Output                       | Push-Pull, Push-Pull                           |
| Operating Temperature        | 0°C ~ 70°C (TA)                                |
| Number of Voltages Monitored | 1                                              |
| Mounting Type                | Surface Mount                                  |
