Specifications

|                         |                                                          |
|-------------------------|----------------------------------------------------------|
| Part Number             | MAX5918AEEEE+T                                           |
| Manufacturer            | N/A                                                      |
| Description             | IC HOT SWAP CTRL DUAL LV 16-QSOP                         |
| Category                | Integrated Circuits (ICs) > PMIC - Hot Swap Controllers  |
| Part Status             | 2573 pcs Stock                                           |
| Voltage - Supply        | 1 V ~ 13.2 V                                             |
| Type                    | Hot Swap Controller                                      |
| Supplier Device Package | 16-QSOP                                                  |
| Series                  | VariableSpeed/BiLevel™                                   |
| Programmable Features   | Circuit Breaker, Current Limit, Fault Timeout, OVP, UVLO |
| Packaging               | Tape & Reel (TR)                                         |
| Package / Case          | 16-SSOP (0.154", 3.90mm Width)                           |
| Operating Temperature   | -40°C ~ 85°C                                             |
| Number of Channels      | 2                                                        |
| Mounting Type           | Surface Mount                                            |
| Internal Switch(s)      | No                                                       |
| Features                | Auto Retry, OVP, UVLO                                    |
| Feature Pins            | ON1, ON2                                                 |
| Current - Supply        | 1.2mA                                                    |
| Current - Output (Max)  | -                                                        |
| Applications            | General Purpose                                          |
