Specifications

|                                   |                                                  |
|-----------------------------------|--------------------------------------------------|
| Part Number                       | MAX931CPA+                                       |
| Manufacturer                      | N/A                                              |
| Description                       | IC COMPARATOR SNGL W/REF LP 8DIP                 |
| Category                          | Integrated Circuits (ICs) > Linear - Comparators |
| Part Status                       | 5483 pcs Stock                                   |
| Voltage - Supply, Single/Dual (±) | 2.5 V ~ 11 V, ±1.25 V ~ 5.5 V                    |
| Voltage - Input Offset (Max)      | 10mV @ 5V                                        |
| Type                              | with Voltage Reference                           |
| Supplier Device Package           | 8-PDIP                                           |
| Series                            | -                                                |
| Propagation Delay (Max)           | 12µs                                             |
| Packaging                         | Tube                                             |
| Package / Case                    | 8-DIP (0.300", 7.62mm)                           |
| Output Type                       | CMOS, TTL                                        |
| Operating Temperature             | 0°C ~ 70°C                                       |
| Number of Elements                | 1                                                |
| Mounting Type                     | Through Hole                                     |
| Hysteresis                        | 50mV                                             |
| Current - Quiescent (Max)         | 4µA                                              |
| Current - Output (Typ)            | 0.015mA @ 5V                                     |
| Current - Input Bias (Max)        | -                                                |
| CMRR, PSRR (Typ)                  | 80dB CMRR, 80dB PSRR                             |
