| Description                       | IC COMPARATOR QUAD HS LP 16SOIC                                                  |
| Category                          | <a href="#">Integrated Circuits (ICs)</a> > <a href="#">Linear - Comparators</a> |
| Part Status                       | 2873 pcs Stock                                                                   |
| Voltage - Supply, Single/Dual (±) | 5 V ~ 10 V, ±2.5 V ~ 5 V                                                         |
| Voltage - Input Offset (Max)      | 4mV @ ±5V                                                                        |
| Type                              | General Purpose                                                                  |
| Supplier Device Package           | 16-SOIC                                                                          |
| Series                            | -                                                                                |
| Propagation Delay (Max)           | -                                                                                |
| Packaging                         | Tube                                                                             |
| Package / Case                    | 16-SOIC (0.154", 3.90mm Width)                                                   |
| Output Type                       | TTL                                                                              |
| Operating Temperature             | -40°C ~ 85°C                                                                     |
| Number of Elements                | 4                                                                                |
| Mounting Type                     | Surface Mount                                                                    |
| Moisture Sensitivity Level (MSL)  | 1 (Unlimited)                                                                    |
| Lead Free Status / RoHS Status    | Contains lead / RoHS non-compliant                                               |
| Hysteresis                        | -                                                                                |
| Detailed Description              | Comparator General Purpose TTL 16-SOIC                                           |
| Current - Quiescent (Max)         | 15mA,12mA,6mA                                                                    |
| Current - Output (Typ)            | -                                                                                |
| Current - Input Bias (Max)        | 10µA @ ±5V                                                                       |
| CMRR, PSRR (Typ)                  | 82.5dB CMRR, 80dB PSRR                                                           |
| Base Part Number                  | MAX901                                                                           |
|                                   |                                                                                  |
